## STUN N° 010 | SPRING ISSUE

STUN N° 010 showcases the regional Prides that happen this time every year: Canberra's SpringOUT, Newcastle Pride and the Central Coast's Coastal Twist.

The cover will be graced by singer Jett Blyton, who could be Australia's next Troye Sivan. Inside, you'll find interviews with pioneering DJ Sveta and former senior Sydney WorldPride producer, Lisa Freshwater; part three of our History of Mardi Gras series, an exposé of steroid use in the gay community, the best LGBTIQA+ TV shows, book reviews, arts, music and club/party recommendations, health & fitness, social pics and much, much more!

STUN is distributed into high-quality locations wherever queer people gather across Canberra, Sydney, Newcastle, Central Coast and Wollongong. Magazines will now also be available at select locations in Melbourne.
